No problems assigned but critique of Daniel Craig as James Bond:

This is supposed to be about why Daniel Craig is not good as James Bond, but I don't think that's necessarily the case. His first James Bond movie, Casino Royale, was pretty good. After that they got worse, but I liked Skyfall. I think he plays a good, old version of James Bond. Of course, Daniel Craig isn't as stoic as the old Bond, but they needed to change the old Bond. The first Bond film was in the 60's and he needed to change with the times. The old Bond will live forever in those films, though.
